CALGARY EXHIBITION & STAMPEDE HAS NEW FEATURES THIS YEAR

There is no doubt about the fact that the Calgary Exhibition and Stampede, to be held July 9 to 11, will be a great success. In co-operation that is being extended and the special features that have been added are exceptional. In addition to the 50th anniversary of the incorporation of Calgary and the usual features that will be on a larger scale than ever, there will be live stock, including domestic exhibits for which there have been increased by over \$1,000; the Stampede Parade; the Stampede; for which the Royal Highness Prince of Wales has just donated a challenge trophy and gold belt buckle for the Champion Canadian bucking horse rider, with an increase of over \$400 in general prizes; the mammoth stage production, "The Show of a Century," running horse races, with an addition in prizes of \$200 and the addition of a second starting chit, so that all races can be started from the chutes; the Live Stock Pavilion for girls and boys with free prizes of pens and dogs; gorgeous fireworks programme; horse jumping contest; special Friday Shopping day; Boy Scouts model camp; outstanding collection of paintings for the Art Gallery; Morning star display and the Dog Show.

In addition the following extraordinary features have been arranged for: Giant Television; This invention is the result of almost a million dollars in research. Mr. Sarnabir, the inventor, is only 26. The display is made by the General Television Corporation of Canada and staged as a free educational exhibit by the Calgary Exhibition. The Hunters Paradise; A remarkable exhibit of practically all the wild life of Western Canada.

Alpha—the Robot; This mechanical man weighs 700 lbs. and is one of the scientific marvels of the age. Tractor Races; New thrills with views of international reputation. Royal American Shows; Will provide

BIG CONFERENCE TO BE HELD IN MEDICINE HAT

Under the Auspices of The Provincial Liberal Party

Extensive arrangements have been made for holding, in Medicine Hat, a conference of the executive of the medical associations of the province. The conference will meet Mr. Howson and the provincial executive in the Park Hall. At two in the afternoon there will be presentations of resolutions and discussions on same. The public is invited to this meeting and any who have matters of interest to their respective districts will be allowed an opportunity to bring them forward at this meeting.

In the evening commencing at 8 o'clock there will be a mass meeting in the Empire theatre. This will be addressed by W. R. Howson and Liberal members of the Legislature. An invitation is extended to all to attend this meeting.

A vacation school will be conducted in Strathmore, Cheate and Nakama, under the supervision of E. B. Brundage. At Cheate the young ladies in charge will be Misses: Joan McCreigh, Hazel Short and Vera Harbor, pianist. Misses Louise Bower and Alice Garrett will be in charge at Nakama, while Miss Maud Marcum will be in charge in Strathmore assisted by Mrs. P. E. Waters and Phyllis Bower. The school will open Tuesday, July 2nd at 9 a.m.

Preceding the addresses given Sunday evening by the Oxford Group musical numbers which were very much enjoyed were rendered. Miss Folk and Mr. C. A. Lyall each gave a solo in their accustomed manner and a pleasing disc given by Joan Garrett and Edith Weir.

Major Shrimpton and T. M. Voss are attending the Convention of the Union of Alberta Municipalities in Edmonton this week.

Mr. D. A. Perry returned Friday last from a three week's visit to Vancouver where she visited among other friends Mr. and Mrs. Gately formerly of Strathmore. Mrs. Gately's friends will be glad to hear that she is now enjoying very good health.

Stewart Lyall left Wednesday en route to cotton where he will spend the summer with friends.

WEED CONTROL

Canada thistle (horsetail) varying degrees in all parts of Western Canada. It is a native of Europe and was one of the earliest weeds introduced into Canada. The North-West Grain Growers' Association has financed a survey conducted by Professors G. P. McLeod and W. T. Hildebrand, weed control authorities of the Agricultural College of Manitoba University, to determine the most satisfactory means of controlling this weed. The results of this study have been produced in pamphlet form and these are now available without charge at all line country elevators along with other pamphlets dealing with control of Couch Grass, Sow Thistle and details as to the loss caused through weeds in Western Canada.

Canada Thistle spreads through seed, running roots, seed grain and manure. It causes damage through crowding out field and forage crops; by taking plant food and moisture from and reducing value of crops; by increasing the difficulty of cultivation and increasing necessary use of special machinery, as well as causing increased cultivation and more frequent summerfallow. The booklet outlines that the means of controlling this weed is through keeping the infested land entirely blank for one complete growing season. Means of doing this are outlined for various types of soil as well as control through chemicals and smothering. Much valuable information is contained in these pamphlets and farmers are urged to obtain them from any line elevator agent.

Mr. David McKay takes charge of a school at Bluevale, near Medicine Hat, and commences his duties on July 2nd.

Miss Marion Smith and Miss Maude McChesney of Calgary were week end guests of Miss Gladys and Miss Hughes.

The Sports Committee beg to acknowledge with thanks valuable prizes donated by Contributors Ltd. Messrs Henry Barks & Sons and the Hudson Bay Co. These prizes may be seen in the windows of The Strathmore Trading Co.

Mrs. Chas. Harvey, Mrs. T. E. H. Patterson, Miss Edith Ross, Mrs. Ruby Garrett, mother to Banff and enjoyed a very happy ten days outing in the various mountain resorts.

Mrs. Hughes, St. Misses Gladys and Maude Hughes entertained at a delightfully informal evening Friday last, in honor of several out of town visitors among whom were Miss Edith Ross, Mrs. Rowe Harvey and Miss Marion Smith, Calgary.

Put up your flags and banners; put on your holiday garb; and make July 2nd a real live day of sport. The committee in charge has arranged a full day of varied and lively events so soon for Strathmore by your presence. Your cheers and good music. Good music by Walter Mercer's orchestra for the dance in the emerald hall at 2:30 p.m.

GOOD NEWS FOR THE CHILDREN

At last Strathmore is going to have a proper swimming pool. A number of citizens have brought this very important matter to the attention of the Town authorities and arrangements have been made to construct a swimming pool in the Town Park. Preliminary surveys were made by Mr. J. A. French to establish the feasibility of the proposal. Sanction is being secured from the Canadian Pacific Railway Company, Dept. of Natural Resources, to construct the pool and tap the irrigation ditch feeding into the lake.

Mr. French of the C. P. R. Engineering staff has designed the pool and the construction will be carried out under his supervision.

Work will be commenced at once and it is expected the pool will be ready for use in a month's time.

Canvas for funds will likely be made later on to finance this most important for use in a month's time.

This swimming pool will prove very real boon to our townpeople and the men who have developed the pool are to be warmly congratulated.

With the various sports in swimming, bathing and paddling facilities and shady nooks for picnic parties, Lambert Park in Strathmore will prove a great attraction to the town. There are few towns of the size of Strathmore having so beautiful a park.

The lake made safe for bathing is a very commendable project.

GOPHER TAILS

The Provincial Gopher Tail contest is in effect for 1934. Boys and girls get particulars from your school teacher.

Jerry the Jinx tells us that too many people say their prayers only when they want something.

CHEADLE

Three very exciting ball games were played at Cheadle Trades on Sunday last. The first game was played between Lyalls and Cheadle Trades; the hometown winning. The Cheadle girls and Cheadle Trades played the second game, and the home team again won. The last game was played between Cheadle and C. Hutton boys this time the home team was defeated.

The ladies club of Cheadle held a meeting last week and collected together fuel for the Woods Home.

A school picnic will be held at Cheadle on Thursday, June 28. Ball games will be played and refreshments will be served.

Word has been received that Miss Nora J. Walker, formerly Junior teacher at Cheadle, becomes the bride of Mr. L.H. Marile of Whithorne. We will wish her the best of luck.

BIG DAY OF SPORT IN STRATHMORE MONDAY NEXT

PUBLIC VOTES FOR SOUNDER FINANCE

Confused as were the election issues in Ontario and Saskatchewan, stood out clearly in both provinces. Followers of Mr. Hepburn and Mr. Gardiner criticized rising taxes and mounting public debt under the regime of the Governments they were fighting. This was the outstanding issue both in the East and West. And in Ontario and Saskatchewan the people rose against the excesses of Government and registered a striking and unequivocal demand for more reasonable expenditures, for the right to retain for themselves a larger proportion of their incomes now so largely determined by taxation, and for an end to the snowballing of public debt with out regard for the future.

It has taken years to arouse the public to an appreciation of the manner in which their liberties were being cramped by excessive Government, and their incomes were being undermined by the cost of that Government. But now the public knows and it angers ill for Governments that do not heed the lesson.

The significance of these elections cannot be entirely lost at Ottawa. For it is in the Dominion sphere that leaders have the matter of less aggressive governmental substance is more urgent.

This is not a partisan matter. It is the issue of the Government elected this week were Liberal in commitments. But in the present temper of public opinion, any Government which has not adopted a more conservative attitude would be defeated, because the public is tired of new taxes and new debts, and seeks a reversal of the whole record of public finance.

Now Mr. Hepburn and Mr. Gardiner must live up to their own pre-election promises—curtail expenditures or they too will have lost support from the people.

Newsy Notes

Sir Frederick G. Hanting, the doctor who discovered the insulin cure for diabetes, once was a clerk in Terri's flower shop, Calgary.

The American home will not have television for five years yet, according to Dr. Baker of the RCA Victor Company. Which is good news for father, who has had to learn how to tell which thoughts were from the evening paper and which from the loudspeaker, but has despaired of ever learning to read in the dark.

A Country Doctor

Though a sympathetic public health officer, Dr. Baker would get that \$20,000 from the world fair, in order to pay off the mortgage on his home and educate his five new daughters, it is not that Dr. A. R. Baker has had the courage to forbid the trip to Chicago in the interest of his young patients. Dr. Baker might have received a handsome fee out of that \$20,000 but he prefers to take the \$3 per baby he usually charges in such cases—\$15 in this instance—and insure the safety of his charges.

In Dr. Baker, unselfish, loyal, remaining in the Dionne home day and night as long as there was danger, the world sees the country doctor glorified. Though the medical profession eagerly seeks every bit of information he can supply regarding the birth and care of the Dionne quintuplets, he goes modestly about his practice, declining anything out of the ordinary in bringing babies and mother safely through a crisis. He has taken any charges with the Dionne youngsters, \$5,000 or not.

The day of the country doctor has not passed. There are times when a country medical man, at a remote outpost of civilization, must uphold the traditions and integrity of his profession, with all the big hospitals in the world unable to help. Cleveland's Haindelster.

Dawn of Summer

Today, then, it is summer. That rode up with the dawn, but who can say to look about that spring is really gone?

The beard-tongue and the mallows. The daisies froled in white. Can they believe that springtime has vanished overnight?

Blue flax and spider lily. Again will sleep by noon—When days are warm with June?

Kitchen Kinks

For Flaky Pastry
A squeeze of lemon juice and a little olive oil added to the water with which pastry is mixed will make it light and flaky.

When Milk is Scorching
Scorched milk loses its unpleasant taste if a pinch of salt and a teaspoonful of sugar are added before it gets cold.

Cooking Cauliflower
You can serve cauliflower whole if you tie it in a piece of cheesecloth before cooking it.

Sugar Improves Gravy
When mixing flour and water for thickening gravies, etc. add a little sugar to the flour; this will prevent the mixture lumping, and the little sugar helps to improve the flavor.

Venice holds today as a chancellor Hitler arrives by air from Berlin and is received by Premier Mussolini. The first face to face meeting between the two dictators is thoroughly cordial. It does entertain his guest at the Villa, once owned by Napoleon. Obviously, Mussolini intercedes with

Hitler to bring Germany back to the Disarmament Conference and the League. Actually, they discuss the several proposed alliances in Europe, and perhaps one between themselves, as they stroll under the great trees of the ancient garden. On what terms should Germany return to Geneva? How far will Italy take the Reich? How can the Austrian issue be settled? The whole of waiting, watching Europe is concerned in the talk—Will the two great Fascist chiefs cement a personal understanding?

ROCKYFORD

Miss Edith McLellan, nurse in training at the University Hospital, Edmonton, is home for a three week visit with her parents Mr. and Mrs. S. McLellan.

Mr. and Mrs. George Roppel announce the engagement of their eldest daughter, Pearl Irene to Mr. Eddie Giffiths, the wedding to take place at the end of June in Calgary.

The Ladies Aid met on Thursday afternoon at the Best home with Miss A. Peterson serving assisted by mesdames, Hurton, Halsey, Henderson, and Mrs. B. Kestner. A very large crowd was present.

The meeting was called to order by the President Mrs. Horvick. Mrs. Carpenter led the devotional. A request was made that the Holiday Calendar for the first half of the year be turned in by the next meeting. At the close of the business meeting a delicious lunch was served and a pleasant social hour enjoyed by all. The next meeting to be with Mrs. Carpenter, Thursday, July 5th.

Dr. and Mrs. P. Varnmark, Mrs. Hodgson and young son Leigh spent Thursday in the City.

The weather man favored Tudor on Wednesday when their 2nd annual Sports day was successful. In the afternoon races for the youngsters were held also water sports. A girls soft ball tournament was played between Strathmore, Balnearre and Delacour. The latter team won in the final game against Balnearre. In the evening Rockyford baseball team played against Glenora, resulting in a very good game with Rockyford winning. The dance which followed wound up a very successful day.

On Saturday afternoon the Boy Scouts journeyed over to Strathmore for a game of baseball. The Strathmore boys winning with a score of 23-15. The boys say better luck when the Strathmore boys play a return game here.

The crops around the district are looking splendid, another good rain would do a lot of good.

Mac Ridd was taken suddenly ill on Monday Morning and was rushed to surgery. We hope that it won't be anything serious.

LANGDON

Langdon senior football club defeated Dairay at that place, and was badly beaten by Chedoke at Langdon, and by Indus at Indus.

A delightful afternoon was enjoyed by the W I and their friends at the home of Mrs. M. Drake recently. Miss Mary Vickers, Mrs. Hiron and Miss M. Condy of Calgary were the guests.

DOMINION DAY JULY 1st

July 1st falling this year on Sunday will be celebrated from coast to coast on Monday. Dominion Day is the most important National Holiday for Canada and Canadians, for it is the celebration of the uniting of all the Provinces from Victoria to Halifax or British Columbia to Nova Scotia in our vast Dominion. The Canada united with one central aim, the advancement and happiness of her people and making her contribution towards the progress of the world in every way is and will continue to be unquestionably a stronger force than had Confederation never been consummated there is no doubt, and so today, sixty-seven years after we pay tribute to the Fathers who had the vision to work for this end. Sing me a song of the noble Dominion Heart felt words for a patriot's ear; Heart out boldly the well tuned measure.

Voicing your notes that the world may hear.
Here is no starving, heaven-for-saken.
Crouching apart, where the nations throng,
Proud as the proudest moves she among them
Well is she worthy a noble song!

NAMAKA

Although the weather was anything but favorable for the athletic Club Sports Day last Friday a good crowd turned out to watch the games and a neat sum was added to the club's treasury. The first game between Strathmore and Mendenhall was won by the former 17 to 8. Namaka team then took on the winners defeating them 6 to 2. As Strathmore was unable to be present the local married men played the home team, the latter winning 16 to 8. After supper Namaka girls played Strathmore bringing home another victory 17 to 11. Leslie West was scorekeeper throughout while the umpiring was done by Arthur Watts and K. C. Brenner. In the children's races prizes for the six and under class went to Miller and Lois McLean; Robert Watts and Henry Hoshman; In the ten and under group the winners were Connie Bremner, Forner McLean and Katherine Hoshman; Orville Bremner and Peter Dierksen. In the three legged race Marshall all Watts and Orville Bremner came first, Connie Bremner and Katherine Hoshman, second. The dance at night drew a large crowd and a pleasant time was had by all.

To Charles Bremner goes the honor of having caught the biggest and best fish here of the season when he landed a monster pike Monday morning weighing 7 3/4 lbs.

Jack Little has gone into the dairy business again. His new cow has teeth and, believe it or not, gives milk.

When the A. P. Grain Co. team failed to arrive Sunday, a pick up game was played between Namaka team and the best men out of it. The respondent was not there, but the scrubs claim it was one of the hottest games of the season and that they won 11 to 9. The team denied this statement, saying they won 18 to 9. Miss Greene will give her recital here on Thursday July 5th in Nunn at 10 P. M.

STANDARD

The Sunday school picnic held at the Rosebud Picnic Grounds was well attended by grown-ups as well as children.

At the regular business of the Senior W. I. C. the girls voted for a week's camping trip the first week in August. They will go South of Glenora along the river.

Mr and Mrs Gregory and daughter Helen were through Standard enroute to South Dakota, the Gregory's former home. Mr Gregory is in ill health and we trust that the trip will do him good and when they return this Autumn we will be pleased to see him quite well again.

Mr and Mrs Leo Larsen are having additional rooms added to their house. While this construction is under way they are visiting at Mr and Mrs O. P. Larsen's.

Quite a number of Standard people attended the sports, wrestling match and dance at Chancellor Friday evening last.

The regular meeting of the Standard U. F. W. A. met in the home of Mrs. Clyde Heeves at Chancellor, with a good attendance. A roasting interest was shown, a good program carried out and a drive for membership was started. This took the form of a concert. Mrs. Wagner is captain of one side, Mrs. Harry Muir the other. The contest will continue until the regular August meeting, where count will be taken and the losing side will later serve a banquet to the winning side.

Mrs. Clyde Heeves of Calgary was a Saturday afternoon visitor in the home of Mr and Mrs Wirt.

Crops and gardens around Standard are looking fine. We trust the people feel duly reverent for the blessings of rain and sunshine. For a proper appreciation of the source of all good things of life as well as a return to better times is the most necessary feature of a cure for the depression which has had the world in its grip for so long.

Mrs. A. L. Williams was a visitor at the U. F. W. A. meeting at Mrs. Muir's last week. She was formerly a very active U. F. W. A. member and we trust she will pick the winning side in this contest and join up again.

HERVEY NOTES

The weather is ideal for growing crops and it is trying to boost the price and hold markets.

Mr. Shober and family made a flying trip near and around Rocky Mountain House recently.

On Saturday last Mrs. Laycraft and sister sped away to help celebrate the event of their father's and mother's Golden Wedding at Throne, Alta.

And we hear that still applicants as teacher for Hervey school past, father and father. Who wouldn't envy being a bachelor on a school board these times?

Summer following is mostly done around here.

NIGHTINGALE

Mr. and Mrs. Coops enjoyed a pleasant outing in Bowness Park on Sunday last.

Ted Thurston ran against a very hard hat and unfortunately had his nose dislocated.

Mrs. Fred Hillon has been quite ill suffering from a severe affliction of the throat.

Word has come from Waterville of the death of Eric Hamer. He was found dead in bed one morning and much sympathy goes to his bereaved family.

A very pleasant afternoon was spent at the home of Mrs. McConnell when the W.I. were entertained there on June 14th. The place where I should like to spend my vacation was the old mill and was answered by all. A round table discussion on Canadian Industries followed. Guests of the afternoon were: Madeline, Lonsdalebury, Jewett, and Father of Strathmore and Mrs. McKenzie of Calgary. It is expected that Mrs. Clark will be present at the next meeting, at Mrs. Mercers on June 28th.

Mr. and Mrs. Leonard Hilton entertained a number of children and their mothers at their home last Saturday. The little tots thoroughly enjoyed the lovely lawn, swings and the tetter-toilers. A most delicious lunch was served on a long table beneath the trees. These children are not to be blamed for wishing that birdies came more often.

The grasshoppers are still busy here so are the farmers and the milkers as well.

The silent eloquence that is the Spring?
There utters soft unfolding of new green
Until the very stillness seems to sing!

Hi! Hey!! Hay!!!

You will be all wet with a bum Mower.
To make hay while the sun shines use the
